Client Testimonials

"I am pleased to provide a recommendation of John Fotiadis and the team at Limitless.

Few other suppliers have shown the attentiveness and resourcefulness that Limitless have to both our ongoing contracts and emergency works.

In 2 years of service we have had no complaints, no failed KPIS or services not delivered to specification."

Thank you Limitless

GJK Facility Services

"Limitless is a great company to work with, they are extremely responsive to any requests. It is excellent having monthly invoices from one company for all of our sites. The team at Limitless are very friendly and supportive, I know if I send a request it will be completed."

Thanks Limitless!

"Limitless have been a Waste providing partner with CBRE for almost 5 years now and it has been an excellent supportive partnership! Limitless is not only reliable but also cost effective and sustainable which aims at providing businesses with options which is of high demand since this pandemic. Limitless looks after some of our major National Contracts as well as critical and smaller accounts."

CBRE

I have known John Fotiadis for over 10 years and he has been looking after all our Document Destruction Australia wide.

The service we receive is amazing without any hiccups along the way. Once we discussed what we required he put everything into action for us.

Price is important, but service is even more important as the work continues without issues. To be able to give someone a scope of 500 stores Australia wide is great.

I would highly recommend John and his company, Limitless to take on more work as they are capable of anything that comes their way.
